

MORE THAN A JOB. A WAY OF LIFE.

When you join Stimson, you become a part of a family-owned, integrated wood products company with a long tradition of land stewardship. We've been milling lumber, managing forests and renewing timberland for more than 160 years.

A LEGACY OF COMMITMENT TO EMPLOYEES & NATURE

We operate seven mills in Oregon and Idaho, and own and manage 600,000 acres of forest land in the western United States. We're proud to produce quality wood products that build our world.

We're looking for individuals who get excited about contributing their ideas and creativity to the success of a company. Self-starters who are also team players. If this sounds like you, Stimson has a lot to offer, including:

- Meaningful work
- Teamwork
- Competitive pay
- An unwavering commitment to safety
- Great benefits
- Support for your family and career

WHY STIMSON?

Our success starts with your success. We are committed to our people and the communities where we live and do business. We've cultivated a forward-thinking and collaborative environment based on trust. We take pride in our work. We dedicate ourselves to the legacy we are leaving for future generations.

Visit [myStimson.com](https://www.mystimson.com) to learn about our benefits and more!

It's a Good Life at Stimson

Live in a small community, built around the local lumber mill. Be part of a team that's respectful and views mistakes as an opportunity to learn. Work hard, then go home to enjoy your family and friends without worrying about traffic or the job. Reap the rewards with:

- Bonuses and overtime pay
- Paid vacation and holidays
- 401(k) and profit sharing plans
- Medical, dental, vision, life and disability insurance
- Wellness program
- Family scholarships and educational support
- Employee Assistance Program and support services
- Employee discounts

That's the Stimson way of life!

Find the Right Job

Our mills offer a variety of jobs and opportunities to develop your career. Gain practical experience as a production worker while getting acquainted with the mill. Grow your skills with training and apprenticeships for:

- Machine Operators
- Rolling Stock Operators
- Millwrights
- Electricians
- Saw Filers
- Graders
- Boiler Trainees
- And more!

Most entry level positions don't require a high school diploma or GED. We simply ask that you show up each day, on time, work safely and have the desire to learn.
